PUBLIC UTILITIES REPORTS, INC.  
WASHINGTON, D. C.

# INDEX

To Vol. 55 of *Public Utilities Fortnightly*

## Pages by Issue

January 6, 1955 .....	Pages 1 to 58	April 14, 1955 .....	Pages 407 to 464
January 20, 1955 .....	" 59 to 116	April 28, 1955 .....	" 465 to 522
February 3, 1955 .....	" 117 to 174	May 12, 1955 .....	" 523 to 580
February 17, 1955 .....	" 175 to 232	May 26, 1955 .....	" 581 to 654
March 3, 1955 .....	" 233 to 290	June 9, 1955 .....	" 655 to 736
March 17, 1955 .....	" 291 to 348	June 23, 1955 .....	" 737 to 810
March 31, 1955 .....	" 349 to 406		

## Subject Index

### ACCOUNTING

Lawyers' need for accounting information, 105.  
Rapid depreciation, significance to utilities, 235.

### AGRICULTURE

Inter-industry farm electric utilization plan for better use of power, 467.

### APPEAL AND REVIEW

Court reverses telephone rate ruling, 90.  
FCC limitations on station ownership reversed, 322.  
Stock offer containing premium condition disallowed on appeal, 777.

### APPORTIONMENT

Fairness of TVA's cost allocation, 661.

### ARKANSAS

Public utility regulatory trends, 23.

### ATOMIC ENERGY

British program of nuclear power, 323.  
Model state regulatory law, 668.  
Washington outlook for public utilities in 1955, 3.

### ATOMIC POWER

Consolidated Edison plans full-scale plant, 150.  
Hydro power v. atomic power, 502.  
New appraisal of future progress, 558.  
News on atomic power, 446, 714.  
Problems of private nuclear development, 119.  
Reactor insurance risks still unsolved, 755.  
Utility financing and atomic power, 267.

### BOOKS

Policies and powers of state commissions, 329.  
Utility chart book, 153.

### CALIFORNIA

Trinity river partnership project, 685.

### CHARTS

Corporate security offerings, 1938-1954, 325.  
Depreciation reserve of electric utilities, 1943-1953, 95.  
Electric generation 1880-1980, 506, 707.  
Electric utility earnings, 271, 615, 709.  
Energy sources in the United States, 39.  
Federal power projects, 210.  
Increased home use of gas, 212.  
Natural gas pipeline earnings, 1951-1954, 445.  
Per cent earned on electric utility investment, 1943-1953, 95.  
Stock prices compared with earnings, 563.  
Telephones per population-US v. The World, 41.

Total phones in service 1920-1954, 41.  
Utility stock yield 1950-1954, 383.

### CINCINNATI, OHIO

Transit beats autos with "clubs," 764.

### CIVIL AERONAUTICS ADMINISTRATION

Sale of TWX system considered, 776.

### COLORADO

Public utility regulatory trends, 24.

### COMMISSIONS

Election or appointment of commissioners, 485, 542.

## PUBLIC UTILITIES FORTNIGHTLY

- COMMISSIONS—Cont'd**  
FCC gets new member, 777.  
Making use of the utility rate hearing, 185.  
Public relations of regulation, 351.  
Regulation at a minimum called for, 148.  
Wisconsin and New York diagnose transit headache, 525.
- COMMUNICATIONS**  
Mid-session congressional outlook, 293.  
Telephone merchandising brought up to date, 126.  
Utility services in Greenland, 193.
- COMMUNICATIONS WORKERS OF AMERICA**  
Suit for damages by telephone company against, 775.
- COMPETITION**  
Best bet for gas production, 358.
- CONGRESS**  
Fulbright investigation, 328.  
Mid-session congressional outlook, 293.  
Washington outlook for public utilities—1955, 3.
- CONSOLIDATION, MERGER, AND SALE**  
Bell System's acquisition of independent company disapproved, 556.
- CONSTRUCTION AND EQUIPMENT**  
Gas-electric construction in 1955 to exceed 1954, 381.  
Relocation cost apportionment fought by cities, 35.  
Telephone hollow tube transmission, 265.
- CO-OPERATIVES**  
Rural telephone co-operatives, 266, 322.
- COST OF CAPITAL**  
Meaning of rapid tax depreciation, 235.  
Return determination from, 787.
- COURTS**  
FCC limits on radio and television station ownership reversed, 322.
- DEPRECIATION**  
Chart—depreciation reserve of electric utilities, 1943-1953, 95.  
Inflation v. depreciation, 93.  
Rapid tax depreciation, significance to utilities, 235.  
Telephone depreciation in Great Britain, 159.  
Telephone depreciation in Sweden on replacement basis, 391.
- DIVIDENDS**  
Company reports from the analyst's viewpoint, 595.  
Generous payout dividend warranted, 211.  
Stock value as affected by dividend payout, 583.
- DIXON-YATES**  
Arguments pro and con regarding power contract, 161.  
Contract favored by national association, 88.  
Hearings before SEC, 31, 87.  
Mid-session congressional outlook, 293.  
Power contract cleared for action, 262.  
Strategy of power contract fight, 146, 204.  
Washington outlook for public utilities—1955, 3.
- DURFEE, JAMES R.**  
Wisconsin and the Phillips Case, 70.
- EARNINGS**  
See also Return.  
Chart—electric utility earnings, 271, 615, 709.  
Chart—natural gas pipeline earnings, 1951-1954, 445.  
Chart—per cent earned on electric utility investment, 1943-1953, 95.  
Chart—stock prices compared with earnings, 563.  
Chart—utility stock yields, 1950-1954, 383.  
Company reports from the analyst's viewpoint, 595.  
Dividend payout and common stock value, 583.  
Narrowing spread in utility stock yields, 382.  
Natural gas pipeline companies, 213.  
Squeeze on natural gas pipeline earnings, 444.  
Table—current yield yardsticks, 269, 380, 505.  
Trend of electric utility earnings in 1952-1954, 447.  
Weight given retained earnings by investors, 560.
- ECONOMICS**  
Appraisal of private electric utility industry, 739.  
Depreciation v. inflation, 93.  
Hearings on the economic report, 261.  
Meaning of new rapid tax depreciation to utilities, 235.  
Outlook for future predicted, 36.  
Postmeeting reports to utility stockholders, 423.  
Transit systems' problems, 334.  
Typical utility stockholder, 14.  
Washington outlook for public utilities—1955, 3.
- EDUCATION**  
Telling teachers about utilities, 302.
- ELECTRICITY**  
Association attacks REA recommendation, 317.  
Business for human benefit, 657.  
Chart—electric generation 1880-1980, 506.  
Chart—long-term forecast of power generation, 707.  
Commissions consider atomic energy, 714.  
Consolidated Edison plans atomic power plant, 150.  
Construction in 1955 to exceed 1954, 381.

## PUBLIC UTILITIES FORTNIGHTLY INDEX

### ELECTRICITY—Cont'd

Dixon-Yates contract, see Dixon-Yates.  
Economic appraisal of private electric utility industry, 739.  
Efficiency methods of Cleveland electric, 381.  
Electric utility statistics, 619.  
Fairness of TVA's cost allocation, 661.  
Farms, better use of power on, 467.  
Federal power appropriations, 205.  
Federal power programs and the public interest, 409.  
Fischer Black's forecast for electric utilities, 270.  
Forecasts of 1955-1958 generating capacity, 778.  
Hell's Canyon power project, 374, 700.  
Keeping pace with demand, 692.  
New partnership power concept, 622.  
Popular attitudes toward private power, 333.  
Power developments in Latin America, 631.  
Power partnership plan again proposed, 608.  
Power project arguments on size of dams, 322.  
Power supply in Great Britain, 310, 366.  
Power survey, 1954-1957, 378.  
Problems of private nuclear development, 119.  
Public financing for public power, 153.  
Public power programs and the public interest, 409.  
Public power projects, 209.  
Rural Electrification Administration desires engineers, 34.  
Sketch of Con Ed's proposed reactor plant, 448.  
Table—electric utility statistics and ratios, 156, 273.  
Tennessee Valley Authority fiscal reforms, 203.  
Trend of electric utility earnings in 1952-1954, 447, 784.  
Trinity river partnership project, 685.  
TVA head sees need for public and private power, 280.  
Utility services in Greenland, 193.  
Washington outlook for public utilities—1955, 3.

### EMPLOYEES

Public relations in South America, 473.

### ESCALATOR CLAUSES

Gas escalator clauses, 553, 608, 701.

### EXPENSES

Cities fight against sharing utility relocation costs, 35.  
Tax deductions for anticipated expenses, 382.

### FARMERS

Better use of power on farm, 467.

### FEDERAL COMMUNICATIONS COMMISSION

Appointment of new commissioner, 777.  
Changes recommended in Communications Act, 377.  
Court rejects FCC limits on TV and radio ownership, 322.

### FEDERAL COMMUNICATIONS COMMISSION—Cont'd

Minimum regulation called for, 148.  
Rules for private microwave systems, 147.  
Subscription television rules considered, 264.  
Telephone system dispute heard, 264.  
Television study, appropriation for, 443.

### FEDERAL GOVERNMENT

Competition: our best bet for gas production, 358.  
Mid-session congressional outlook, 293.  
President's conference on administrative procedure, 61.  
Public power programs and the public interest, 409.  
Trinity river partnership project, 685.  
Washington outlook for public utilities—1955, 3.

### FEDERAL POWER COMMISSION

Gas producer controls controversy, 33, 37, 46, 89, 144, 205, 245, 263, 318, 372, 440, 510, 607, 628, 774.  
Gas rate hearing argument, 217.

Licensing by, at Hell's Canyon, 700.

### FINANCES

April utility financing, 617.  
Chart—utility stock yield, 1950-1954, 383.  
Company reports from the analyst's viewpoint, 595.  
Current yield yardsticks, 781.  
Dividend pay-out and utility common stock value, 583.  
Electric utility statistics, 619.  
Expanding industry investment problems, 569.  
Harvard buys utility stocks, 42.  
Independent telephone companies' eligibility for REA loans, 703.  
Management looks at dealer compensation, 177.  
New financing method for partnership power projects, 613.  
New international financing projects, 279.  
New-money financing tapers off, 502.  
Postmeeting reports to utility stockholders, 423.  
Public financing for public power, 153.  
REA loan approved in Vermont, 776.  
Table—December utility financing, 97.  
Table—February utility financing, 384.  
Table—data on electric utility stocks, 99-101, 214-216, 329-331, 450-452, 564-566, 711-713.  
Table—data on gas, telephone, transit, and water stocks, 274, 275, 508, 509, 620, 621.  
Table—first quarter utility financing, 504.  
Table—January utility financing, 270.  
Table—March utility financing, 503.  
Table—1953-1954 utility financing, 154.  
Table—recent utility analyses, 152.  
Tennessee Valley Authority to be brought closer to self-supporting basis, 772.  
TVA may issue own bonds, 505.  
Utility financing and atomic power, 267.  
Utility financing in 1954, 152.

## PUBLIC UTILITIES FORTNIGHTLY

- FINANCES—Cont'd**  
Washington outlook for public utilities—1955, 3.  
Weight given retained earnings by investors, 560.
- FORECAST**  
Predictions of events for 1955, 9.  
Results of 1954 prophecy, 5.
- FREE ENTERPRISE**  
Effect of FPC gas producer control on other industries, 245.
- GAS**  
Chart—increased home use of gas, 212.  
Competition: our best bet for gas production, 358.  
Construction in 1955 to exceed 1954, 381.  
Earnings of natural gas pipeline companies, 213.  
Effect of FPC gas producer control on other industries, 245.  
Escalator clauses protested by consumers, 553.  
Fuel report submitted, 319, 387.  
Mayors present case on natural gas issue, 628.  
Mid-session congressional outlook, 293.  
Natural gas for the Pacific Northwest, 617.  
Natural gas still needs explaining, 535.  
Price legislation on natural gas, 497.  
Producer controls controversy, 33, 37, 46, 89, 144, 205, 245, 263, 318, 372, 440, 510, 607, 628, 774.  
Rate arguments at FPC gas hearings, 217.  
Southwestern legal conference on oil and gas, 278.  
Squeeze on natural gas pipeline earnings, 444.  
Wisconsin and the Phillips Case, 70.
- GENERAL TELEPHONE COMPANY**  
General Telephone Company's anniversary, 266.
- GREAT BRITAIN**  
Depreciation practices in Great Britain, 159.  
Electric power supply, 310, 366.  
Program of nuclear power, 323.
- GREENLAND**  
Setting up utility services, 193.
- HIGHWAYS**  
Legislation for federal highway aid, 776.  
Relocation cost apportionment fought by cities, 35.
- HISTORY**  
Utility services in Greenland, 193.
- HOOVER REPORT**  
Rural electrification administration, 449, 773.
- IDAHO**  
Court reverses telephone rate ruling, 90.  
Public utility regulatory trends, 24.
- ILLINOIS**  
Commission allows 5½ per cent return, 208.
- INDUSTRY**  
Activity in future years predicted, 36.  
Business for human benefit, 657.  
Economic appraisal of private electric utilities, 739.  
Effect of Phillips Petroleum Case, 245.  
Electric power supply in Great Britain, 310, 366.  
Making use of the utility rate hearing, 185.  
Meaning of new rapid tax depreciation to utilities, 235.  
Problems of private nuclear development, 119.  
Telephone merchandising brought up to date, 126.  
Telling teachers about utilities, 302.
- INFLATION**  
Depreciation *v.* inflation, 93.  
Public relations of regulation, 351.
- INSURANCE**  
Reactor insurance risks still unsolved, 755.
- INVESTMENT**  
Mexican public utilities, 77, 133.
- IOWA**  
Public utility regulatory trends, 24.
- LABOR**  
Electric labor looks at corporate management, 567.  
Executive advises utility union, 102.  
Minimum wage legislation, 557, 610.  
Public and employee relations in South America, 473.  
Union sued for damages, 775.
- LATIN AMERICA**  
Public and employee relations in South America, 473.
- LAWYERS**  
Need for accounting knowledge, 105.  
New approach to law reports, 335.
- LEGISLATION**  
FCC recommends changes in Communications Act, 377.  
Gas bill form uncertain, 701.  
Gas bill politics, 372.  
Gas escalator clauses, 553, 608.  
Gas price legislation, 497.  
Gas producer exemption legislation, 33, 37, 46, 89, 144, 205, 245, 263, 318, 372, 440, 510, 607, 628, 774.  
Highway aid legislation proposed, 776.  
Mid-session congressional outlook, 293.  
Minimum wage legislation pending, 557.  
Model state law for atomic energy regulation, 668.  
Ohio statute to halt party-line abuse, 35.  
Regulatory trends in state capitals, 23.  
Washington outlook for public utilities in 1955, 3.

## PUBLIC UTILITIES FORTNIGHTLY INDEX

- MACK, RICHARD A.  
Appointment as FCC member, 777.
- MAINE  
Model state law for atomic energy regulation, 668.
- MANAGEMENT  
Compensation for security dealers, 177.  
Efficiency methods of electric company, 381.  
Public utility relations in South America, 473.  
Telephone merchandising brought up to date, 126.  
Telling teachers about utilities, 302.

Table—brokers' utility analyses, 562.  
Table—recent utility analyses, 152.  
"The utility interests," 678.  
Utility chart book, 153.  
Utility services in Greenland, 193.

## PUBLIC UTILITIES FORTNIGHTLY

### PUBLIC UTILITIES—Cont'd

Washington outlook for 1955, 3.  
Zoning and public utilities, 252.

### RADIO

FCC considers rules for microwave systems, 147.  
FCC limitations on station ownership reversed, 322.

### RAILROADS

The railroad's burden—passenger service, 507.

### RATES

Comparisons to test, 721.  
Customers bearing cost of wholesale gas cost increase, 639.  
Escalator clause legislation, 553, 608, 701.  
Favorable trend for utilities in recent decisions, 206.  
Gas rate arguments before FPC, 217.  
Making use of the utility rate hearing, 185.  
Mexican public utilities, 77, 133.  
Public relations of regulation, 351.  
Statewide electric rate basis, 721.  
Tax ruling on excess rates, 442.  
Telephone rate case reversed in Idaho, 90.  
Utility rate making in West Virginia, 715.  
Wholesale gas cost increase, higher distribution rate to offset, 639.

### REGULATION

Commissions diagnose transit headache, 525.  
Competition: our best bet for gas production, 358.  
Economic appraisal of private electric utility industry, 739.  
Election or appointment of public utility commissioners, 485, 542.  
FCC chairman calls for minimum regulation, 148.  
High seas, coastal, and inland waters to be regulated, 627.  
Making use of the utility rate hearing, 185.  
Managerial zones of reasonableness, 571.  
Mexican public utilities, 77, 133.  
Model state law for atomic energy, 668.  
President's conference on administrative procedure, 61.  
Public relations of regulation, 351.  
Rate making in West Virginia, 715.  
Regulatory lag commented upon by court, 207.  
"The utility interests," 678.  
Trends in state capitals, 23.  
Washington outlook for public utilities—1955, 3.

### REGULATORY TRENDS

Fair value rate base, 795.  
Rate comparisons, 721.  
Rate increases to offset higher wholesale gas cost, 639.  
Statewide electric rates, 721.  
Working capital offset, 721.  
Year-end rate base, 721.

### REPARATION

Distributor's gas rate increase subject to, 639.

### REPRODUCTION COST

Evidence in rate case, 795.

### RETURN

See also Earnings.  
Cost of capital as a determinant of rates, 787.  
Fair value basis, 795.  
Managerial zones of reasonableness, 571.  
Regulatory lag considered, 207.  
Telephone return established by Illinois commission, 208.

### REVENUES

TVA revenue bond proposal, 498.

### RHODE ISLAND

Public utility regulatory trends, 30.

### RURAL ELECTRIFICATION ADMINISTRATION

Advisory group considers telephone problem, 34.  
Association attacks recommendations regarding agency, 317.  
Engineers wanted by REA, 34.  
Hoover Commission reports on, 375, 449, 773.  
Independent telephone companies' eligibility for REA loans, 703.  
Independent telephone companies urged to use loans, 91.

Loan approved in Vermont, 776.

Telephone activity report, 320.

### SALARIES AND WAGES

Minimum wage legislation, 557, 610.

### SECURITIES

AT&T to make record offering, 272.  
Bond rating agencies, 43.  
Chart—corporate security offerings, 1938–1954, 325.  
Company reports from the analyst's viewpoint, 595.  
Data on gas, telephone, transit, and water stocks, 385, 386.  
Dividend payout and common stock value, 583.  
Harvard buys utility stocks, 42.  
Management looks at dealer compensation, 177.  
Postmeeting reports to utility stockholders, 423.  
Premium condition on stock offer reversed, 777.  
Public financing for public power, 153.  
Table—data on electric utility stock, 564–566.  
Tables—financial data on gas, telephone, transit, and water utility stocks, 44, 45.  
TVA revenue bond proposal, 498, 505.  
Typical utility stockholder, 14.  
Utility financing in 1954, 152.  
Utility stocks popular with mutual funds and colleges, 559.

## PUBLIC UTILITIES FORTNIGHTLY INDEX

### SERVICE

Business for human benefit, 657.  
Cincinnati transit beats autos with "clubs," 764.  
Electric industry keeps pace with demand, 692.  
Electric power supply in Great Britain, 310, 366.  
Moving platforms in New York subway, 430.  
Natural gas still needs explaining, 535.  
Problems of private nuclear development, 119.  
Public relations of regulation, 351.  
Public utilities in Greenland, 193.  
Railroad burden—passenger service, 507.  
Reactor insurance risks still unsolved, 755.  
Telephone legislation would halt party-line abuse, 35.  
Telephone service in rural areas by independent company, 703.

### SOUTH AMERICA

Public and employee relations, 473.

### SOUTH DAKOTA

Public utility regulatory trends, 30.

### STATES

Effect of FPC gas producer control on other industries, 245.  
Election or appointment of public utility commissioners, 485, 542.  
Model state law for atomic energy regulation, 668.  
Public relations of regulation, 351.  
Regulatory trends in state capitals, 23.
